Excellent book.

Great product just as described. Received quick and had no issues

I bought this for my boyfriend for Christmas and he loved it. He has a lot of John Deere books, but he said this one had more information than most. We liked how much detail each page had within the descriptions and pictures. Very good book.

My 14 year old son is a huge fan on anything John Deere - I would recommend this book to any John Deere fan. This book is full of information and great pictures. Great for any collector of John Deere!

Adding onto the "Big Book of John Deere Tractors", they cone up with the "Bigger Book" by adding a lot of the newer Deere models. As always, you gotta love Don MacMillan's books!
