"Beep! Beep! Sheep in a jeep on a hill that’s steep." This story, much like the jeep, gathers momentum from page one. When five foolish sheep cram into one jeep, their high spirits and occasional lack of foresight (like forgetting to steer) combine to make a riotous, if ill-fated, road trip. Plummeting over a hill, tumbling into a mud puddle, yelping for help, these muttonheads just can’t get their act together, much to the delight of young readers. Nancy Shaw’s Seussian rhymes are guaranteed to tickle every reader’s funny bone, while providing a great little learning tool, as well. Who wouldn’t want to learn how to read, after hearing lines like this: "Jeep goes splash! Jeep goes thud! Jeep goes deep in gooey mud!" Well-loved illustrator Margot Apple humorously captures the dopey expressions and preposterous predicaments of Shaw’s sheep. More wild and woolly misadventures can be found in any of Shaw and Apple’s other sheepish titles, including Sheep on a

"Beep! Beep! Sheep in a jeep/on a hill that's/steep./Uh-oh!/The jeep won't go," is a fragment of Shaw's jaunty verse, heartily dramatized by Apple's colored drawings. Ages 2-5. Copyright 1988 Reed Business Information, Inc. --This text refers to the Audio CD edition.

Not only is this a well illustrated book that makes my daughter laugh, but it is short! Extra bonus points for Mom! The text of the book is rhyming with a nice flow so it is easy to read as you delight your child with the antics of silly sheep who probably shouldn't be driving a jeep. It would also be great for a new reader learning to sound out short, easy words.

Just be warned, you have to have a sense of humor when you read this book, because your child, toddler, will ask you to read it about 50 times a day. And you will be surprised one day as your children get older that you can actually forget the text. And you will feel sad that moment has passed. This is a book fundamental to your child's growth and is just a hoot to read.

Such a cute book! Love that the whole story is comprised of words that rhyme with sheep. The story is simple so it keeps my daughter's attention pretty well. I think as she gets older, she's going to love this book even more.

we bought for grandson. It was o.k. we had high expectations that it would be like his blue truck book. Not as good as blue truck book but we had fun reading it to him. He will be 2 in Feb.

This book did not disappoint! My grandson loves having me read it to him. He is fascinated with the illustrations and the attention to details. The rhyming pattern is clever with the long e vowel sound. The book is well worth the money.

I bought this for my son's library because his father is a Jeep enthusiast. It's such an adorable story I bought another one the next day for a friend who has two boys and a daddy who also loves Jeeps.

Adorable and funny, this short board book is the perfect length, rhythm and pace for a toddler's attention span. It is an entertaining rhyme about sheep.. in a jeep. You'll love it too.

I thought my grandson would really love the nonsense rhyming in this book. He does like it, but he's so in love with another book, this one gets short shrift. I think the illustrations could be made more appealing to young children. He likes to discover new things on the pages, and ask about little details he sees. He may like this book more when the one he loves gets boring (if ever,)
