# The Squirrel Care Handbook: Housing - Feeding - Care And Breeding

## Synopsis

Squirrels are wonderful animals to have as pets. Before you embark on owning one of these lovable creatures, there's a lot you need to know. The Squirrel Care Handbook is an essential primer for the newcomer to squirrel care and a classic to add to any squirrels lover's collection. Inside you will learn: Housing and caring for squirrels Grooming, hygiene and health care Food and dietary requirements Advice on care of squirrels covers correct feeding, litter training and health care. Everyone who owns and cares for squirrels will benefit from The Squirrel Care Handbook. Solid advice on breed selection, year-round care and feeding, and safe housing and sanitation help every owner -- from the commercial producer to the dedicated fancier -- raise happy, healthy squirrels. Whether you are just starting out or already have a few years of experience, this handbook puts a wealth of information at your fingertips. ## Customer Reviews

Since squirrels are not often kept as pets, I had difficulty finding a good guide on how to care for them. Until I came across this book, that is! This comprehensive guide is written in an easy to follow and understand style, with the chapters and sections clearly demarcated. I read it once through and

then returned to reread the sections I was most interested in, one of which is certainly litter training an area of squirrel care IÃƒÂ¢Ã  ¬Ã  „¢ve definitely struggled with. IÃƒÂ¢Ã  ¬Ã  „¢ve already begun implementing the suggestions, and am pretty sure it will work. Another chapter I found very enlightening was the first one, which is about how to communicate to squirrels. Overall, IÃƒÂ¢Ã  ¬Ã  „¢d heartily recommend this guide to anyone thinking of keeping a squirrel as a pet. IÃƒÂ¢Ã  ¬Ã  „¢m also pretty sure that anyone who has had squirrels for pets for awhile now will find some interesting and useful new information in this book.

Does not have much information on care, only has some facts about squirrels. I had already read more about them on the internet for free than was in this book. I was disappointed with this purchase.

Poor. A bare bones accumulation of notes rather than a truly helpful guide. Ads suggest what the content does not deliver.

Good documentation of squirrels

Not enough information I needed to rehab and release a squirrel. This book tells u about different squirrels and how to have one as a pet.

The title of this book is very misleading. It should have been called "An Introduction to Squirrels." The most informative part was about the eye's of the squirrel.

You can get all the same info on the internet!

Pretty disappointed. It's like a pamphlet you would get in a box with a toy squirrel. There was a tiny amount of helpful information, but it feels more like a book report with large print.
