Cherringham - A Cosy Crime Series Compilation (Cherringham 16-18)

Synopsis

Jack's a retired ex-cop from New York, seeking the simple life in Cherringham. Sarah's a Web designer who's moved back to the village find herself. But their lives are anything but quiet as the two team up to solve Cherringham's criminal mysteries. This compilation contains episodes 16 - 18:

The Last Puzzle: When amiable old village eccentric Quentin Andrews dies, the good folk of Cherringham are astonished at the crowd that turns up to his funeral. But even more astonished are the beneficiaries of his will: Quentin has left a veritable fortune to whomever is the first who can solve an intricate 'Cherringham crossword'. That puzzle is only the first of many that Jack and Sarah will uncover as they follow the treasure hunt for clues and learn the truth about who Quentin Andrews really was. And the biggest mystery of them all... was he - in fact - murdered?

Final Cut: When a big movie production comes to Cherringham, complete with lords, ladies, and flashing swords, the whole village is abuzz with excitement. But when a series of dangerous accidents threatens the life of the young lead, Zoe Harding, Sarah and Jack get involved. Are these really accidents? Or could they be something more sinister - even deadly? Who is trying to destroy the career of the beautiful young star - and why?

The Vanishing Tourist: When an American tourist goes missing in Cherringham, the local police don't see reason for concern - people often wander away from such tours. But when that tourist's sister shows up from New York, desperately looking for answers, Jack and Sarah become convinced there's more to the disappearance than meets the eye. Soon, they are entangled in a mystery with a secret history of betrayal, sacrifice, dishonour... and death. Set in the sleepy English village of Cherringham, the detective series brings together an unlikely sleuthing duo: English web designer Sarah and American ex-cop Jack. Thrilling and deadly - but with a spot of tea - it's like Rosamunde Pilcher meets Inspector Barnaby. Each of the self-contained episodes is a quick listen for the morning commute, while waiting for the doctor, or when curling up with a hot cuppa.

For fans of Agatha Christie's "Miss Marple series", Lilian Jackson Braun's "The Cat Who series", Caroline Graham's "Midsomer Murders", and the American TV series "Murder She Wrote", starring Angela Lansbury. Co-authors Neil Richards (based in the UK) and Matthew Costello (based in the US), have been writing together since the mid 90's, creating content and working on projects for the BBC, Disney Channel, Sony, ABC, Eidos, and Nintendo to name but a few. Their transatlantic collaboration has underpinned scores of TV drama scripts, computer games, radio shows, and - most recently - the successful crime fiction series Cherringham. The narrator of the audiobook, Neil Dudgeon, has been in many British television programmes including the roles of "DCI John Barnaby" in "Midsomer Murders" and "Jim Riley" in "The Life of Riley".

Customer Reviews

I'm in love with this series! Love Cherringham, and the developing characters. Quick reads with interesting mysteries that I can enjoy during lunch or when I have a free hour or two! I have purchased all of the compilations and the novel and also the first three in English from Audible!

Overall a 5 star series of books. The writing is tight, without repetition, the characters are interesting & I like them & the situations are unique & not all murders. I appreciate the fact that they don't kill off everyone in the village one by one, the cops aren't always being represented as stupid idiots, the folks solving the mysteries are everyday folks, one with a little experience & our investigators aren't suspected of every crime. It's a refreshing take.

I've enjoyed this series. The main characters, a newly retired and widowed United States police officer and a 30 something divorced computer and PR whiz form a friendship. Using both their skills, they get involved in all kinds of situations in Cherringham, a small English town located on a river. I've read the whole series and find it relaxing and an easy read. It definitely falls into a "cozy" category, without the recipes.

By the 16th story, the town and all the characters seem like folks I've known for years...a comfortable place to be English

The writing is well done .The plot is imaginative and the characters are well portrayed.One thing I find to be very distracting and annoying is the overuse of the word "hmm".After a while counting the times it appears in a paragraph overtakes the concentration of the book.However I have purchased all the series compilations available and have recommended these books to my friends.

Unhappy that I can't get audio without joining a company that costs quite a lot for one book a month

I love these stories - I'm saving the last ones for my vacation read! I can see why people like to read them while they were commuting - you can start and stop without losing the storyline. Wish there were more to come!

Continuing great mysteries. Like Jack and Sarah to discover love for one another. 14 , 15 years apart not too much if you have lots in common and being together is better than being apart.
