Customer Reviews

Great book covering the history and adventures of the famed White Star Line....of course, including the Titanic.

Looks like the White Star Line has had other unfortunate mishaps with their ships and not just the Titanic. Pages look very clean and are detailed with specific time lines of events for each ship within the company.

Nice addition to my nautical library

Very interesting. Gives you a better look at White Star. More than just Titanic

While the Titanic story has been covered extensively from every angle, much less is known about other White Star ships. But the line suffered several accidents over the years. This book tells us about the wrecks of the *Atlantic*, *Britanic* and *Republic*, among others. I especially enjoyed the chapters on the *Olympic* and *Atlantic*. The *Olympic* was the Titanic's sister ship, enjoying a fascinating history of her own. The *Atlantic* sank in 1873 with the loss of several hundred lives. Only true Titanic and sea buffs will want to read this book, though. Others will quickly find it boring and

are advised to stick with materials entirely on Titanic.
