There is some challenging music and some extremely easy music in here, so don't worry about how hard or easy it is when purchasing. I learned to play American Honey faster than I've learned any full song, and it's great because it's very easy to sing to. Some other pieces are a little challenging for me, but I can get past that. It's over all a great book. The songs with piano parts include the piano parts in the sheet music, and the binding and packaging was great. I only had one shipping problem, but that could be due to the fact that I ordered the music around the 4th of July. It was no big deal though, just a couple days of delay (which I highly doubt will happen to anybody else.) So yeah, if you can play the piano, and like Lady A, you should totally get this!!

Love the title track, and the rest is equal to the task.

As good as the music is so super is it to play their music. Wonderful songs. Gives a lot of joy.

i got a sample and it didn't work we got very mad because of the ripp off sheesh how why did you

really

Lady A is awesome but i gave it two stars .why? The products like cds shirts books and sheet music should be less money. maybe even free from :ward
