Basic Kanji Book, Vol. 1

Synopsis

Basic Kanji Book Volume 1 This volume covers about 250 kanji and the second volume completes the 500 in the Basic series. These books are really textbooks just for learning kanji. Each lesson covers about 10 characters and begins with a section called "About the kanji" which gives interesting background on the kanji you are about to learn. Next comes writing and reading lessons for each kanji. Lastly, there is a longer reading section followed by a game or some quiz.

Basic Kanji Book Volume 1 This volume covers about 250 kanji and the second volume completes the 500 in the Basic series. These books are really textbooks just for learning kanji. Each lesson covers about 10 characters and begins with a section called "About the kanji" which gives interesting background on the kanji you are about to learn. Next comes writing and reading lessons for each kanji. Lastly, there is a longer reading section followed by a game or some quiz.

I bought this book used. It came with some (surprisingly helpful) writing from the previous owner, however the writing stops past page 20. No rips in the binding, no obvious unacceptable wear. No inner folds on the paper at all. Honestly, great quality for the price. The book itself teaches the user kanji in sets of 10 words at a time, teaching first 'easy' words that are based on imagery (ex, 人 = person. It teaches you based on the idea that the symbol looks like legs). Then it moves onto intermediate words that are just commonly used in Japanese. It provides both the onyomi and kunyomi pronunciation of these words. In order to read any of the pronunciations of the kanji in this book, you must be able to read both hiragana and katakana. Side note, if you're learning

Japanese at all, start learning kanji from the beginning. It is no fun to be intermediate in speaking but have the reading and writing skills of a first grader.

Item took over a month to arrive but came as described. Ordered from the U.S.

I have bought several other Kanji books before buying this one. Some of the other books left me with unanswered questions. Others unmotivated me to study so i gave up studying. I bought Basic Kanji Book because one of my friends who is also Japanese student suggested me to buy it. Basic Kanji Book is a great choice if you are learning Kanji. In every chapter you learn 10 or more Kanji characters. And at the end of the each chapter you will review them by having 30 or more questions about these characters. The good thing is that each chapter and the questions make you feel like you are learning Kanji. That feeling motivates you and makes you want to study more Kanji. I suggest this book to everyone who is trying to learn Kanji. I am totally satisfied with this book.

This book is truly helpful in guiding you to learn and memorise the different kanji. They have pictures, show you the order of writing the strokes as well as how you can apply the characters (both in Chinese and Japanese). It would be better if you use this book under the guidance of a teacher. I had numerous questions pertaining to the usage of some of the kanji characters but wasn't able to make any clarifications as I had no teacher to direct my queries to.

A good book as far as quality and ease of reading. However, the organization and order of the kanji is weird to me. I far prefer the Genki books.

It's a trace book. It does its purpose, and the kanji and the examples are good. However, you may want to ask if you want to purchase the book, or pay for the Skritter App.

Easy way to learn how to read and write Kanji.

Yay! More Kanji to memorize. Sort of like volume I, but with less pictures and thicker. I think I will go study some more right now, I've been a slacker.
