Customer Reviews

This is the book for you if your whole family happens to be sleeved! Eight servings. Twelve servings. Sixteen servings!! Seriously?!

Wife had gastric bypass surgery and is using this book for cooking ideas

Great recipes!

Great Cookbooks

my sister-in-law is scheduled for her gastric sleeve surgery next week and i was asked to tend to her for the meantime. i was frantic at first as i have no previous experience nor knowledge about it. the web save me! stumbled upon many resource materials and the question now is did i choose the right book? i sure did! this will make the recovery of my sis-in-law easier and faster. the morning meals are worth preparing and yummy.

This cookbook is a must have for anyone who's had gastric bypass surgery. The recipes are well written and provide inspiration and flavor to an otherwise boring, repetitive diet. A very simple and understandable guide in preparing meals intended for persons who undergone surgeries. The author seems to know what they are talking about when it comes to this diet.

Great book I enjoyed all the recipes and look forward to getting back my pre op body with the help of this book

A very nice cook book bundle. It was really more than what its worth. It has awesome breakfast

meals that will surely jumpstart you on your journey to a healthier life. I like the bunch and snack as well. It was really good and healthy.
