Customer Reviews

Very well written, quick and easy read, focused material and content.

more highlighting and writing in book than I had anticipated

Great experience. Ordered this book as soon as I could to get a jump on reading before class started, and it arrived 2 days earlier than it said it would. SO pleased!

arrived in good condition and with no highlighting. great timing for school. a few folds on the corner of the book but thats natural for paper copies

The book is in poor shape. The inside is clean but the pages are stiff and dog-eared. The book edges near the binder bone are ripped and dog eared.

This is by far the worst resource that I have ever used in law school. I get that it reads like a hornbook, but it doesn't succinctly state the law like a hornbook. The entire book is basically one 800 page chapter, which is subdivided by unhelpful pointheadings such as "automobiles" or "technology." The law is given in page after page of excerpts of black letter law, followed by unmemorable explanatory parentheticals stating a few key facts. Many key issues are raised, then resolved twenty pages later under a different unhelpful pointhead and without any mention of why a change in the law occurred.

good
