Fine Motor Fun: Hundreds Of Developmentally Age-Appropriate Activities Designed To Improve Fine Motor Skills (Key Education)

Synopsis

Facilitate fine-motor development in special-education students in pre-kindergarten–grade 1 using Fine Motor Fun! This 160-page book is full of suggestions and reproducible activities that strengthen fine-motor and visual-perception skills. It includes scissors skills, lacing cards, stencils, finger plays, stringing activities, dot-to-dots, tracing, finish-the-picture activities, mazes, and tactile and first-pencil experiences. The book supports NCTE and NAEYC standards. Key Education products are intended to engage and educate young and special learners, as well as assist teachers in building a strong and developmentally appropriate curriculum for these children. The product line—comprised of teacher/parent resource books, photographic learning cards, and other activity- and game-oriented materials—is designed to assist in “Unlocking the Potential in Every Child.Ã¢âÂ•

Customer Reviews

Lots of instructions, great to work with kids with Autism and any other kids in general.

Great resource for teachers and parents. I would highly recommend.

The book is good but the fact that the shipment of this product that was not able to be track had

cause me some unnecessary issue and additional cost of USD50.
