The Complete Guide To Crisis & Trauma Counseling: What To Do And Say When It Matters Most!, Rev. Ed.

Synopsis

Many pastors and lay counselors have had minimal training in clinical methods of grief and trauma counseling. *The Complete Guide to Crisis and Trauma Counseling* is a biblical, practical guide to pastoral counseling written by one of the most respected Christian therapists of our time. Dr. H. Norman Wright brings more than forty years of clinical and classroom experience to this topic. He shares real-life dialogues from his decades in private practice to demonstrate healthy, healing counseling sessions. Readers will learn how to counsel and coach both believers and nonbelievers who are in crisis, how to walk alongside them through the hours, weeks, and months following their trauma, and how to help them find the path to complete restoration.

This book is a good resource to have in your Christian Counseling library. It offers practical insights into how Christians might respond to crisis and trauma. It has a lot of valuable content regarding the experiences and needs of the crisis and trauma survivor, both in early and long-term interventions

that may be necessary. It was a required text for Liberty University's Foundational Principles of Crisis Response course (CRIS 302).

I'm loving this book! So easy to understand and so practical on the examples! Highly recommend to any Christian Counsellor, or anybody who wants to help people in crisis and trauma.

This is an insightful book. It was required for my Pastoral Counseling class and will be one of those books I return to often. Biblically based but not deep theologically so it is easy to digest and practice.

This is an excellent book by Dr. Wright! I have learned so much from the strategies and approaches included in this book. For the serious student pursuing and striving to gain knowledge in counseling this book is a must have. I am convinced that this book will help you excel in your therapeutic practices.

Amazing...just started to read!

I have been reading this authors books for over 35 years and they get better and better. But being a law enforcement chaplain, this book has help me in my ministry. I also recommend you get the video that goes with this book. The DVD sets show Dr. Wright in several counseling session on Trauma and Crisis counseling as well as feedback after each session. It a great tool for chaplains, pastors or anyone who want a to start a ministry in there church helping those that are hurt.

This is a good resource for someone who is in a position where they need to be able to counsel people sometimes but may not have any formal training. The author is a well respected professional in the field of Christian counseling.

After reading this book for class I find that Wright is someone I would like to sit down to dinner with. He speaks directly to the point, his chapters are not a word longer than they need to be, and he has a love for those needing help and us in the helping professions. Great book, practical advice, and parsimoniously written.
