Jim Saranteas is the creator of the fantasy football advice site, thefantasygreek.com, and its primary writer, editor, analyst, and sports personality. Jim is a winner of multiple fantasy football championships, and has finished top-four in numerous leagues, over the years. You can follow Jim on Twitter at @thefantasygreek for news and postings, or at @jimsaranteas for opinions and commentary. Jim is a member of the Fantasy Sports Writers Association and appears weekly on various podcasts and radio shows.

Like most fantasy football players, I pore over several draft guides each season to get up to speed with roster changes & catch what might have slipped through the cracks last season that might give

me an edge come draft day. The Fantasy Greek's Draft Guide not only provides the meat & potatoes of fantasy football, but unlike any other guide, it evolves as the season progresses because every purchase grants FULL access to the TFG website extras; including regularly updating Fantasy Draft Guide updates- fantastic! That alone gives me a leg up on daily fantasy tournaments, plus this is one of the few guides I've ever come across with IDP rankings & QB-Defensive pairings- giving me information novices wouldn't even consider. Excellent buy, every year- I very much recommend this guide to any level of fantasy football player out there!

Whether you're a successful fantasy football veteran or a rookie who wants to learn the ropes, The Fantasy Greek's 2016 Draft Guide has everything you need. The player rankings are well-researched and sensible, but this guide goes far beyond lists. Draft strategies for different league scoring, in-depth position analysis, and even a mock draft conducted by fantasy experts complete with their reasoning, this guide has everything you need to go into this year's draft with confidence and swagger.

IF you are trying to find a Fantasy Football guide for this season, then this is the place to start. I have tried most of the major players in this field and I really like The Fantasy Greek. It is unadulterated football intel. No ads, no distractions, no B/S. Just pure fantasy football information. If you are like me and you really love the game, the sport, and the challenge of Fantasy Football, then do yourself a favor and check out the Fantasy Greek. He is the real deal. And he provides custom updates for your draft. That alone is worth the price of admission. And beyond that, the book is just a good read. Quality Stuff. Five Stars.

The guide offers different insights for drafting in four different scoring formats. The guide is chock full of information and advise on rookies for keeper leagues, there are top undervalue players and sleepers to target for late rounds, advise on Overrated players and injury odds is also given. There are over 300 player profiles along with the typical mock drafts you will find in most draft guides. In addition to insightful draft strategies the guide has, it also has a Quality Fantasy Game Ranking (QFG) to know which players to target who should exceed enough fantasy points to help a player odds at winning.

Great information for a novice or expert. Can't go wrong with easy to read tips, rankings and profile. A best is the access to The Fantasy Greek. Each year I have taken my fantasy football skills to the

next level.

Year after year I trust The Fantasy Greek in my fantasy football decision making. Jim is full of knowledge and he's provided me with great advice year after year!

So the mock draft section was enlightening to say the least. Solid reference material for your drafts. I recommend it highly.

I highly recommend this fantasy guide, everything you need to and more right in it.....so helpful !!!
