Step By Step 1A: An Introduction To Successful Practice For Violin (Book & CD)

Synopsis

The Step by Step series is a collection of exercise books/CDs for violin based on the Mother-Tongue approach. From the very beginning, it will provide a solid foundation in instrumental technique for Suzuki and traditional approaches in private lessons or group settings. The focus is on teaching correct, child-appropriate practice habits that range from listening, singing, and dancing to playing music. The ideas presented, including information for parent and practice tips should stimulate daily practice and also make it more effective. Includes new piano arrangements by David Andruss. This volume is the Complete Version based on Suzuki Violin School, Volume 1, and includes the Violin Exercise Book in English with the CD. Pages: 68

My son's Suzuki teacher advised us to get this book. It has made learning violin very easy so far. I personally read music but I love how it presents everything for parents that do not. (They stop doing that mid book 1b)The cd has also been invaluable. It adds an extra something to practice. Since learning to play by ear is very important I love how they present the song played in full. For Twinkle they give plenty of practice tracks for each rhythm.I also have learned violin with this book. It presented in a way that is very easy to understand. The accompaniment CD is fun to play along with and the tracks help to learn some of the trickier parts of the songs.

This is my Go-To book for teaching violin, and specifically, Suzuki violin. Clearly laid out, and

includes many helpful previews for each piece, IN ADDITION to cd tracks to practice EACH piece at SLOW, Medium, and performance tempo! I find this absolutely invaluable for my students! They get to practice, with accompaniment (and playing it properly from the start!). Kudos to Kerstin for her work with Dr. Suzuki in providing this gift to the world!

My eight year old daughter started learning violin this year and this is the book series that her teacher wanted her to have. These books follow the Suzuki style of learning and are very nicely laid out and easy to understand. I would highly recommend for any child who has aspirations of learning the violin.

Recommended by our violin teacher. So far our kid has been progressing at a good pace.

My 3-year old daughter is a beginning violin student. Her teacher recommended this book since it has lots of skills that come before Suzuki twinkle. This book also comes with a great CD so that my daughter can play along even though she is limited to the open E and A strings. I highly recommend this, especially for young kids who just want to have fun. The book has a wealth of information for parents that are consistent with Suzuki book 1. Well worth the money.

Good book for violin beginner.

Helpful for the new violin student. Recommended by the teacher.

This is a great series for starting violin. The CD is helpful so the student can hear how the song should sound.
