Alongside authors such as Maruo Suehiro and Kazuo Umezu, Junji Ito is well-known as one of Japan's greatest in the genre of horror manga. His most notable works include Tomie, Uzumaki, and Gyo, which were all published in the United States and have also been adapted to film and animation.

I've been a fan of Junji Ito for a very long time; Uzumaki caught abs held my attention from the get go. So when I first read snippets of this online, it was a really hilarious departure from his usual creepy fare. It is exactly what the title suggests: a diary of his life with his fiancée and their cats, Yon and Mu. But what makes it so funny is that it's still illustrated *like a horror story*. Perfect for those of us with a perverse sense of humor; also: has cats! Bonus!

Junji Ito is a horror master who has penned some of the most iconic modern horror stories. If you're curious and want to feel your skin crawl do a search for the Enigma of Amigara fault to get a sense of his considerable talent. This is completely different, poking fun at his own serious style by taking the horror lens to a personal story about coming to grips with two inscrutable cats that unexpectedly invade his home. Great slice of life manga that will put a smile on the face of even the most jaded horror junkie.

Hilarious and strange. If you have a penchant for horror films/comics/etc and also cats, this is absolutely worth a read.

my sisters kid loved the book he saw the "poop" and died laughing I didn't read it though cause it's not my cup of tea but for the 5 year old child it was really good

Purchased it as a gift for my oldest child. I found myself reading it. The animations are superb.

Everyday situation but drawn/ written in a horror style, A+ would read again

100% accurate depiction of cat life and being a cat owner.

This is a good, and at times familiar, departure for Ito. While he uses his signature line work and use of shadows to create his personal brand of creepy in the characters' expressions and silhouettes, the plots deliver a softness and playfulness not yet seen from Ito, and a sentimental warmth that can only come from a personal experience.
