Customer Reviews

My daughter really wanted a large map that should could carry around and look at. A lot of people comment that they didn't like the folds in the poster because they hung it on the wall but I never intended to hang it on a wall. It is cheap and serves its purpose.

Really nice map. I put it in our hallway at school. Our kids are tracking letters from all over the country, and everyone at school is enjoying the map. It is a good quality paper, and the colors are very bright. It looks great hanging on the wall.

Arrived with a little dent as it was shipped in a box with zero padding. Doesn't seem to be a problem though. Laminate is enough to protect it from spills and most tears I think if it's used regularly. I'm planning on mounting it to a foam core board so it should work well. Has enough detail to do the job

but not as much as an atlas or individual state maps would. Best for a general idea as to the layout of states and major roads.

I purchased this gift for my niece and nephew and they LOVED it. Fits perfectly on a wall. May want to lay the map out flat for a an hour prior to placing it on the wall as it comes rolled up.

I am completely floored with how perfect this is! It's our Disney surprise sign and it was HUGE! also made very well I was able to use glue and sharpies and all that jazz and never broke or ripped.

I think the map is just fine, but I don't like how they delivered it folded. The folding takes something that would be nice and turns it tacky instantly. I would have paid extra for one that came rolled up - I think a lot of people would have. Take note Rand McNally.

The Rand McNally quality that has gone into their prducts for many years. Glad to see you can still expect craftsmanship from some companies.looks great in my wife's U.S. History classroom.

HOPEFUL MY GRAND DAUGHTERS WILL KNOW MORE ABOUT THE UNITED STATES THAN THE STUDENTS I WORK WITH AT SCHOOL DO.
