Handgun Training - Practice Drills For Defensive Shooting

Synopsis

You have a handgun for self-defense, and have taken a good defensive shooting class. How do you practice and maintain those critical skills? *Handgun Training: Practice Drills for Defensive Shooting* by Grant Cunningham has the tools you need to hone your skills at your favorite range. Inside you'll find: Handgun drills you can do on your own; Shooting drills you can do with a training partner; Concealed carry drills to help replicate the environment in which you live; Tactical drills that you can do even on very restricted shooting ranges. DETAILED DESCRIPTIONS allow you to easily replicate the drills on your range. CLEAR EXPLANATIONS of the purpose of each drill help you focus on areas of concern or weakness. RANGE-TESTED with handgun training students--every drill helps keep your skills sharp. EXCLUSIVE URL gives you access to download PDFs of targets designed just for this book! Regardless of how you've trained, *Handgun Training: Practice Drills for Defensive Shooting* will help you keep your defensive handgun shooting skills in tip-top shape!

Grant Cunningham, Salem, OR, has written several titles for Gun Digest: *Defensive Revolver Fundamentals*, *Gun Digest Book of the Revolver*, *Defensive Pistol Fundamentals* and *Gun Digest Shooter's Guide to Handguns*. www.personalsecurity.us and www.grantcunningham.com.

Useful information for beginning to intermediate shooters. Grant does a great job of communicating

the essence of Combat Focus Training techniques and is full of practical advice and drills for improving your gun handling and defensive shooting skill set. He does a good job of covering technique, drills and expert advice for improving your combat shooting skills. If he ever holds a class near me, you can bet I'll make the time to attend one of his live training sessions.

I'm a relative novice to concealed carry and handgun basics, but plan on continual improvement. I believe that this instructional manual has some great practice suggestions and methods. Glad that I bought it.

great book

good shape

One of the clearest books available on this subject

Grant is such a resource for revolvers but this manual works for semi-automatics as well. It helps to focus and keep an objective throughout the training session.

Very good, practical drills. Well written and includes the purpose for each drill. The quality of the paper stock used was very high.

Bought this for a review before teaching a church security basic marksmanship and defensive shooting course. The book was well written and easy to follow.
