Customer Reviews

This was my first purchase towards planning my vacation. This is a highly detailed map which covers about everything. The major cities are covered in greater detail. A very satisfying purchase.

This was purchased as a gift for two friends taking a trip to Japan. It was extremely helpful to them during the 30+ days they were abroad!

Nice Map. I can not wait to start using it to plan our trip to Japan in the near future. Size is pretty good, the detail is good to find what your looking for. Each city has its own section so that you can see more details on that area. Would recommend if your looking for a map to pin point locations for a trip to Japan.

Great map, lots of information, and it is the easiest map to fold I have ever used. The cover is stiff so it won't get mangled. Bought it for a friend and now it is adorning her wall.

Good all-purpose map, and durable.

The scale is so poor that one cannot see any detail except for the city maps. Maybe it is better than nothing. I am glad I don't need it to drive. A complete waste of money.

Maybe it's a good map in terms of the info. Unfortunately, the dark green background with black lettering was impossible for me to read.

My boyfriend LOVED it!
