## Customer Reviews

The pieces in this book are just as Grieg wrote them, so if you like his compositions, you will like this music. However, I have to say that I don't like the binding. For short a short book, it should be bound with the staples down the middle pages of the book. It's side bound so it doesn't stay open well. I have taken some thicker music books that I have purchased to Office Depot and had them spiral bound. This one is so short that I don't want to spend the money.
