The Books Of Enoch: Complete Edition: Including (1) The Ethiopian Book Of Enoch, (2) The Slavonic Secrets And (3) The Hebrew Book Of Enoch

Synopsis

This book includes the 3 books ascribed to Enoch. 1 Enoch, 2 Enoch and 3 Enoch. The 1st Book of Enoch, the Ethiopic Book of Enoch, or 1 Enoch is more known as simply the Book of Enoch. Although this book is considered apocryphal for the Western canon, it is contained in the Ethiopic Bible. It was considered sacred by some important first followers of Christ but it was left out of the Bible and disappeared for centuries until it was rediscovered in 1773 in Ethiopic. This manuscript was first translated into English in the 1820s and into German in the 1830s. According to most scholars, part of it was written in third century BCE and part of it in the first century CE (the part related to the Son of Man). Although the oldest complete copies of 1 Enoch are K-9 or Kebran 9, dated late fourteenth early fifteenth century and Ethiopian Monastic Microfilm Library (EMML 2080) of the fifteenth or fourteenth century, fragments found in Qumran in the 1950s are more than 2000 years old. Other old important manuscripts are Abbadianus 55 (possibly fifteenth century) and British Museum Orient 485 (first half of the sixteenth century). The 2nd Book of Enoch, the Slavonic Enoch, or 2 Enoch, is another apocryphal book, found complete only in Old Slavonic manuscripts, and it was once present in the Old Slavonic Bible. It's usually dated to the first century CE although Matthew Black in The Oxford Guide to People & Places of the Bible states that there is no manuscript "earlier than the fourteenth century BE". The 3rd Book of Enoch, the Hebrew Enoch, or 3 Enoch, is a Rabbinic text originally written in Hebrew usually dated to the fifth century CE. Some experts believe it was written by Rabbi Ishmael (second century CE), familiar with both 1 Enoch and 2 Enoch. Â Â

Book Information

Paperback: 214 pages

Publisher: International Alliance Pro-Publishing, LLC (May 20, 2012)

Language: English

Customer Reviews

Paul Schnieders is a Historian, expert in Old and Ancient texts, including apocrypha and pseudepygrapha. He has traveled the world visiting libraries and having access to manuscripts in different languages.

THIS ISSUE TAKES INTO ACCOUNT THE VARIOUS TRANSLATIONS OF THE BOOK WHICH MAKES COMPARING THE EXTANT VARIATIONS READABLE AND EXPLAINS TO SOME DEGREE WHY IT WAS NOT PUT INTO THE BIBLE

Love the Bible and any thing that sheds light on the Biblical characters is always inviting and delightful reading.

VERY interesting. It's a book you can read for awhile, intense, then need to put it down for a bit and read something else !!

This book is amazing. And as far as I'm aware, it's a pretty legitimate translation. I personally think the book of Enoch is important for Christians to read but understand that there is no necessity to read it at all. It's a little out there (not really considering most Canonical visions i.e. Revelations), but from what I have read in the first book, it seems Gospel to me; and that's okay. This, too, is the only noncanonical book I can stand behind.

Absolutely amazing book that lines up with the Bible. So fascinating to learn about fallen angels and evil spirits and to see more revealed about the glory of God! Would definitely recommend!!!

Shipped well. Very interesting for the Biblical scholar who wishes to understand the non-canonical texts.

Bought as a gift. He loves it and read it with in the first 3 days he had it. Still using it for reference in his studies. He has recommended it to others already. This book was delivered very quickly, I was very surprised with how fast I received it. just a few days after I ordered it it was in my mail box.

For a student of the books of the bible it is the perfect companion.
