Synopsis

You're no idiot, of course. You know life is a journey and that physical birth and death are its points of transition. The Complete Idiot's Guide® to Communicating with Spirits will show you exactly how to uncover your own mediumistic capabilities and connect with those no longer on the earth plane. In this Complete Idiot's Guide®, you get:--Tips on how to connect with your personal divine energy through prayer, meditation, and dreams.--Information on the birth of the human soul as perceived through theological, metaphysical, and spiritual viewpoints.--Exercises to help you develop your mediumistic abilities.--Tangible evidence of the continuity of life as presented through the experiences and spirit drawings of medium Rita S. Romaine is the co-author of The Complete Idiot's Guide to Communicating with Spirits and many other books.

I found this book to be quite informative, with a broad and entertaining take on the subject of communicating with the Other Side. The book is replete with some of the laws of spiritual interaction; some of the protocols associated with discarnate entities are explained in ordinary language, and make an otherwise nebulous subject quite understandable. This is a must for anyone interested in spiritualism, from the casual observer to the aspiring medium!

Didn't "describe the dimensions" instead reacts the levels of the spiritual body. Spiritual geography deals with dimensions

Pretty good for an Idiot's Guide. Had some new stuff that I learned.

I loved the book, the name of it could have been a better title. It's of information and another author's prospective on Mediumship which is good because not everyone processes the same way. I think it's very hard subject to reach everyone on the same platform since we are all unique and individually receive differently. I would really like to witness this author's artistic talent too!

A few things I don't agree with, but I am learning a lot from this book.

A great way to dabble without spending a lot of money.

Havent read too much of it bc I dont have my kindle anymore, but what I did read i liked.

As always it was well done. Clear, simple information.
