Customer Reviews

Story is very similar to the show. I was a little disappointed because the main reason I wanted the book was to have the part with the llamas & the monchupechu choo choo, which was not even mentioned. My son still likes the story, so if he's happy, that's what counts

Bubble Guppies is my 2-year old grandson's favorite tv show. I have a whole section on my DVR with just this show! These are great night-time reading and follow along with the shows. They are the first books his brings me to read to him when he wants to be read to. If your toddler loves them just as much, these are the books to buy!

My grandson loves bubble guppies. He is happy with it and loves for me to read to him
