Customer Reviews

I enjoyed reading this book even though it followed Kryon's channeling that is free online. The channelings were put together under a subject area and easy to follow the flow of info. I love reading Kryon's channeling and listening to them online, because he always makes me feel POSITIVE about myself and life in general.

Another one of Kryons Best books.

The Kryon teachings go far beyond the normal expectations. If you're open to learn information that is different than you have imagined, the Kryon books will open a new world, universe and another side to your relationship with God.

Full disclosure: I have read all of the Kryon books, and attended many Kryon events. Thus, I am pre-disposed to like Kryon books. I even pre-ordered Book 14 to get it as quickly as possible. But Kryon Book 14 - The New Human exceeded my expectations. If you are new to Kryon, go to the

Kryon website, and read the Lightworker's Handbook lessons for an introduction to the loving energy that is Kryon. Because the energy of each of the Kryon books reflects what is going on with humanity at the time they are written, it is best to start with the latest book, not the first. If the energy resonates with you, you may decide to go back and read the earlier books, as I did. Lee starts *The New Human* off with an Introduction that includes a recent experience of his that happened when he was on Maui. Don't skip the Introduction! The Introduction continues with a discussion of Lemuria and Atlantis from Kryon's point-of-view, and how Lee is searching for the seed truths about Lemuria and Atlantis, rather than the unbelievable stories. Each of the subsequent chapters consists of a Kryon channel, with a short forward by Lee. Chapters one and two describe seven attributes of the New Human. Even Lee says he will have to rethink what Human spiritual evolution actually means. Chapter three talks about the brain, and two other parts of the body that participate in our consciousness; much more than we learned in school. Chapter four discusses the evolution of our DNA, and what it will provide for the New Human. Chapter five continues the DNA discussion by talking about the original blueprint of the Human Being, and its existence within our DNA. Chapter six discusses more on the evolution of our DNA, and its impact. Chapter seven discusses how consciousness and our thinking is going to start changing. Chapter eight discusses the changes in energy and our cellular structure as our solar system moves around the galaxy. Chapter nine includes thirteen channellings given in thirteen locations of Israel. The letter associated with each channel spell a profound message from Kryon. Chapter ten discusses five different personality types, and how they support each other. Several "truths" are also presented: God is inside you, and you are all a spiritual family. The energy on this planet is shifting, allowing for greater wisdom. Those who have repeatedly been born on this planet for eons (Old Souls), carry the greatest wisdom, especially for this time. These Old Souls are waking up to different tasks, in order to supply a more elegant solution for this new energy. The bottom line, as I see it: the Human race is changing, and the future is VERY bright. This book will tell you what's changing, and why the future is so bright. All of this is wrapped in the loving energy of Kryon. What's not to like?
