Customer Reviews

There's actually a bunch of typos and there's actually like parts of the story that are repeated twice. I've noticed as I read though that I've enjoyed the entirety of this book and I'm looking forward to the third one. I'm hoping that the third book comes out soon because I'm very interested in the figuring out how the girls cultivation techniques get them to Saint Hood. All in all I've enjoyed both these books a lot and I'm looking forward to the future. With Love Drake.

Id like to be able to rate this 5 stars because i really enjoyed the story, but it was filled with spelling issues and there were 2 spots where multiple paragrapgs were repeated. Hopefully the author can get a professional editor to go over the book.

A lot of editing issues. I still gave 4 stars because I still fully enjoyed it. Looks like spell check run amok. Early on it was every other paragraph. Later it was every other page. A couple times, a section of a chapter was repeated. If the editing annoys you, you might give it 2 stars. It's pretty bad. If you enjoy stories like these, and the book was edited better, it becomes a 4 star book in my opinion. To the author - Get a couple readers to help edit. Really good story. I don't want to see you get bad reviews for it. I love your story though. Keep them coming!

I enjoyed this novel a lot and recommend it to everyone. It's really good and the characters are well defined, however there are many typos and sections of the story are repeated twice.

Good book

Good job continuing Zhang's journey. With four princesses along it has to be fun. Lots of fights and treasure hunting. Plot moves along well and the characterization is decent. I do recommend this story. Only editing note is in the last 20% of the book it repeats itself few times.

It was a good book that has plenty of fun moments. The downsides of the book is the many typos and misspelled words that the book has every couple of paragraphs. I would advise the author to go back through and edit the book as it would be much better without all the errors.

It was a good continuation of the story that I found both fun and exciting. The one critique I have is that it needs some more edits there are some incorrectly written words that hurt the flow of the story a bit.
