Customer Reviews

Handwriting Cursive ABC Book teaches children cursive handwriting by providing the models and practice materials they need to progress from manuscript to cursive.

I bought this book, along with some others, for my 2nd grader this past winter. It contains the usual practice areas for writing the letters, as well as a poem on each page to copy, emphasizing the chosen letter. The best part is the pull-out practice cards which allow a youngster to review the process of forming the letters by tracing with their fingers (a process the Montessori method uses as well). An excellent resource for your child.
