Exploring

Synopsis

Exploring begins by looking at what we find at home and then moves into exploring your garden and the towns and shops around us. The book also covers travel and how we can explore the world around us and what we might find in different places around the world. A must for any budding explorer! Alain GrÃ©f's stunning vintage illustrations leap out from every page and the wealth of information will be a joy for adults to share and discuss, making the potential for learning endless.

Alain GrÃ©f is a French author and illustrator of children's books. He has had over 300 books published, which have been translated into 20 different languages. He has also worked as a children's broadcaster on French national television, produced three detective novels, ten ship navigation books and been a journalist for 20 years for Voiles et Voiliers (sailing ships) magazine.

My 2 year old twins love all the Alain GrÃ©f books. This one is their current favorite! The books are not only a fun read, but they hold up well with my not-so-gentle boys.

A beautifully illustrated book. I highly recommend for the 0-5 year age group.
