Good for high school

I ordered this book for my son that is taking this class in high school and we wanted a copy for

home. The new price was significantly more than this gently used price. We are both very satisfied with this purchase.

Passed my nrf foundation test by reading this and the retail readiness book

This was the first time I bought a school book and I was a little apprehensive buying it used. But it looks practically brand new and saved me about \$80. I am very pleased!

I needed this book for my daughter and the description was exactly what it said it would be. The price was right and it arrived sooner than promised.

On time and very neat.

In terrible condition. worthless!
