Customer Reviews

"Buy this book for yourself. Each page is filled with joy and cheer. What I like best is that Swami Rama's message does not require us to transform ourselves, it teaches that we are already perfect." -- Judith Benn Hurley, author of *The Good Herb*, *Savoring the Day*, and *Healing Secrets of the Seasons*

"One of the great spiritual classics of all time. An insider's view of hidden adepts who live outside time and space as we know it, yogis and yoginis who can't possibly exist- but do!" -- Linda Johnsen, author of *The Living Goddess: Reclaiming the Tradition of the Mother of the Universe*

Sri Swami Rama, the founder of the Himalayan International Institute of Yoga Science and Philosophy, was raised in the Himalayan cave monasteries and ordained a monk in early childhood. He studied Western psychology, philosophy, and medicine in Europe and taught in Japan before coming to the United States in 1969. Here he founded the Himalayan Institute to create a bridge between the ancient teachings of the East and the modern scientific approaches of the West.

Swami Rama brings us on his journey through the Himalayas among yogis and gurus and their amazing feats, miracles and modes of living. Each story-just a few pages in length-inspires, teaches

and humbly offers the reader guidance. For anyone interested in Indian mysticism, self-discovery, enlightenment, this book is a must! I loved it.

Best!

Hi, Johan here, with a short review of the book "Living With The Himalayan Masters".Although I haven't finished the book yet, I can definitely recommend it to anyone interested in spiritualmatters. The book shows us what is possible if we attain that state of oneness with God. It ispossible for anyone to become like that ! Through meditation and prayer ! And by thinking unlimited thoughts !The book is written in a clear style, easy readable and also humorous. It has a considerable number of pages,which I like because you wish the book would never end. It has also some beautiful pictures in it which complementthe beautiful scenes of the Himalaya and the temples etc. described in the book.If you like this book - and I do ! - you will surely also like the books "Life and teachings of the masters of the far east" by Baird Spalding and "Adventures of a western mystic" by Peter mt. Shasta. I think they are available via also.Greetings,Johan

Awesome, awesome book. Will not fail to captivate the heart of every sincere spiritual seeker. Also highly recommended for the more worldly reader..... the astounding tales captured therein are guaranteed to awaken an interest in spirituality. Swami Rama is a true Master.
