Customer Reviews

Founded in 1947, Hal Leonard LLC has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

My nine year old son and I have both begun taking piano lessons, he's been going for almost a year and I have had three lessons - we are both enjoying this book. Slow songs for me and fast-paced for him make us sound like we know what we are doing and who doesn't love Christmas songs?

This is another one of those great books to learn from or even serve as a fake book for the pro. Why? Because you are not required to know how to play music knowing what key its in. All you have to know is where the notes on your instrument is and that just makes it so much more fun and easy to learn. And your ear also begins to hear the tones a little faster I think. The old teacher Don Wilson.

Excellent selection of the most beautiful Christmas songs to enjoy at home with the family.

Old and new songs and easy to read sheet music.
