I am going to get myself a copy. This was a present for someone who retired. I highly recommend this book to every woman out there even if you're not retiring.

My girlfriend loved this book, but I was disappointed that it was only filled with various quotes and retirement ideas. "How to Love Your Retirement, The Guide to the Best of Your Life" was much better!!

sent this to my pops for his retirement, since he has no idea what to do with himself. he's not a "reader", but he thought this book was great and is still using it. thanks

gift for friend. She enjoyed it

Great gift for a friend that is retiring!

I purchased this for a man hoping it would give him some ideas on how to relax and enjoy retirement and maybe offer some interesting suggestions to pursue with his free time. Instead it seems to be geared toward women offering silly ideas such as cleaning out your closet and when to buy shoes.

I bought this for my dad for his 70th birthday and he wouldn't put it down! ENJOY this book for whoever you buy it for!

it's nicely published. Easy to read. There are even some useful pieces of advice not just funny things. I have it and like to read and re-read some parts. And I bought it as a gift to a co-worker who was going to retire. I think it's a nice gift.
