Learn To Sign The Fun Way: Let Your Fingers Do The Talking With Games, Puzzles, And Activities In American Sign Language

Synopsis

The perfect guide to signing for everyone! Never before has learning to sign been so simple and so much fun! Whether you are a teacher or a parent, this lively self-guided book of American Sign Language (ASL) will quickly become your kids' new favorite teacher! Learn to Sign the Fun Way goes beyond the manual alphabet and teaches the beautiful language of sign – the United States' fourth most pervasive language – in a simple, interactive format. Signers-to-be will discover:

- Great games to make learning ASL an entertaining adventure
- Activities for both the individual and the classroom
- Cool groups of signs that appeal especially to kids
- And much more!

Kids love to sign, whether it be to communicate with a hearing-impaired individual or as a "secret" language with their friends. With this illustrated book they'll quickly and easily become signing superstars! Inside are cool signs for kids, including:

- People signs
- Alphabet and numbers
- Animals
- Food and drinks
- Home signs
- Clothing
- Color
- Sports
- Activity signs
- Thoughts and feelings
- Action signs
- Body parts
- School talk
- Calendar signs
- Silly and fun signs

I'm a deaf educator and bought this book for the games and activities in the back of the book to play with my deaf kids and our ASL club (mostly hearing kids). It's awesome!!! It teaches basic sign and the kids have a blast with the games.

I purchased book for my 13 year old child, as he felt bad for someone at school who was being bullied, and he didn't know how to communicate. He's been reading along with other 2 books purchased. He's gotten interested in learning along with his friends. It's got the kids on a roll. I would recommend it to anyone. Just to even have laying around. Once a child picks it up.. it will make them want to learn and be better civil servants. Thank you.

My great niece wanted to learn to sign and I found this book and thought it would be a fun way for her. Since she has gotten this book and once her homework was completed, she is reading and learning to sign with this fun book.

I have been teaching American Sign Language for free and as a college instructor for over 20 years. I have had the privilege to teach children as young as 18 months and adults to retirement age. I have found this book to be a wonderful tool. It is full of ideas for practice sessions that were most helpful to me and made the classes even more fun. I recommend this book to all those interested in Signing. As a teacher I believe it one of the best on the market today.

great book for learning to sign - easy t understand how to make the signs plus each chapter

includes activities to practice what you learned

I am teaching a Sign Language club to my students and this book has proven to be the resource I use most when looking for engaging activities to use.

Amazing fun and easy learning book. I got this as a gift for my 13 year old and she has already learned so much!

Really a great book to learn basic ASL... easy to follow and not overwhelming, they give good technique descriptions too!
