Customer Reviews

Nice book with some interesting recipes. Just wish the recipes would show the amount per - such as how many ounces, cups or grams. Do plan to try a few of the recipes.

Looking forward to refreshing my knowledge on this DASH diet. Tried it years ago so looking forward to seeing what's new and improved.

I have no problems with being overweight, but in this book I found recipes for dishes that normalize blood pressure, with which I have little problems. And this book will help me in their decision. The recipes are simple, understandable accessible. I have already started to prepare some dishes according to the recipes of this book. To the author respect.
