## Customer Reviews

And then I decided he was waiting for me to come to him. He was waiting for me to leave the cage and let myself be free. I enjoy a good M/M/F book so when I saw JA Huss was coming out with one I grabbed it and started it immediately. From the very beginning this book was hot, hot, and oh yes HOT! I don't know which was better, all three, Ark-JD-Blue, together or JD and Ark's moments together. I start pulsing just thinking about it. Wish I could share my favorite moment the two guys had but doubt it's appropriate to put in the review. Guess you'll just have to read to see for yourself \*\*smiling big\*\*. But the hotness was only the tip of the iceberg for this story. It had

the thrill of suspense, mystery, and a twist. Unfortunately that twist led to a sad turn in the story. IÃfÂçÃ â ÑÃ â„çm talking mouth dropping, tears falling. Thank goodness the ending made up for it. I fell and felt for all three characters. Another great read by JA Huss!And three mended hearts.IÃfÂçÃ â ÑÃ â„çm a believer now. I can see it with my own eyes.Everything should come in threes.

I have to say this is one of those books I have had in my library for 6 months but I kept putting it off for some reason and let me tell you that was a big mistake!!This book will keep you on the edge of your seat up to the very end. Ark is very intense and he is hiding something big but you can never put your finger on what. We don't get JD's side of things but he is more free and may have issues but appears to be an open book. As for Blue, she has gone through a horrible event but she isn't affected like you would expect someone to be. These three come together and it's a tricky road on how they fit together. When they all come to terms with their relationship it doesn't last long. It all blows up and we aren't sure who to believe or what is actually going on. Once the dust settles things become a tad clearer but it doesn't all get laid out until the very end. The sex scenes were hot and some are a bit dark. Fantastic ending.

5 Crazy Ass Must Listen Stars!!!!!!Let me start off by saying that I loved the narrators. They both brought the story to life and had me entranced in the story. I just love Sebastian York. He's my favorite and I don't hesitate in the least when buying an audiobook with his name attached to it.J.A. Huss did a brilliant job with this story giving a fresh storyline in a world of copycat storylines. It really helped pull me further out of this book funk I've been in lately.I have heard about "the guy" that this storyline is based on and often thought that the subject would make for a great plot. This surpassed anything my imagination could ever conjure up. It was surprising, suspenseful, hot, and so much more than I'll ever be able to give it the proper praise it deserves.This will be a Crazy Ass Must Listen Spotlight on Crazy Daisy Book Whore.

Ark, JD and Blue...hottest threesome ever...until they weren't anymore. All of them held lies and secrets...some were bigger than others, some betrayals were worse and devastating but yet understandable. JD was ruled by madness and obsession with finding those he loved and lost and the people responsible for the crimes. Ark was trying to keep his best friend from falling back into the dark hole he escaped while Blue held no concrete answers to their questions but knew more than she let on. Sexy, dangerous and absolutely heartbreaking...this book had me on edge

throughout until the final unexpected conclusion. A dark love story with some very blurred lines.

Loved it. \*\*\*\*\* 5 \*\*\*\*\* "3, 2, 1...let's go" stars

I read 321 awhile ago on my kindle. I bought it on audio when JA Huss released it and it was on sale. I'm glad I did! Sebastian York as Ark was everything I imagined his voice to be. Broody, dark, mysterious. You could feel every emotion through his words, pouring into your soul. I couldn't get enough. It was like it was my last breath and I was gasping for air. I loved how easy he transitioned into JD and even Blue. It was flawless. It was perfect. Ava Erickson as Blue was just as great! You could hear the heartbreak, the pleasure, every emotion in her voice. Even when she transitioned to Ark and JD it was effortlessly and her voices for each character remained the same. The book as a whole was amazing! I connected with Blue on an emotional level no one will ever know. I was once her. I understood why she needed pain to feel pleasure. Why she needed to be surrounded. I cried for her, for me. For everything we both lost. For everything we both found. Ark and JD was perfect for her and exactly what she needed. They gave her what she wanted and sometimes what they thought she wanted. It wasn't perfect but it was perfect for them. Three, Two, One was emotionally draining for me but in a good way. I cried, I screamed, it made me hot and wonder if I was right in the head for being turned on. I would say it surprised me but nothing surprises me anymore coming from JA Huss. She shocks me all the time and 321 is no exception. The writing is flawless as always with all her work. The EOBS puts you in her devious mind and makes you understand why she wrote it. It makes you appreciate the books more. So read those! Even if you've read 321 then buy the audio! It's fantastic and a completely different experience! You won't be disappointed!
