Amazing Machines Amazing Airplanes Activity Book

Synopsis

This interactive early learning activity book is packed full of airplanes! Airplanes that are fast, big, and heavy. Airplanes that can zoom and soar and go whoosh through the skies. Airplanes with wings and wheels and controls to carry people across the world. Preschool children will love the activity pages-- there are counting, matching, drawing, writing, coloring, and lots of other activities, as well as two pages of stickers to use. Inside the front and back covers are press-out play pieces that little fingers can use to build their very own amazing airplane!

TONY MITTON was born in Tripoli, North Africa, and grew up in Africa, Germany, Hong Kong, and England. He divides his time between teaching and writing children's books. He lives in Cambridge, England. Ant Parker studied drawing and printing at the Bath Academy of Art in England and has taught papermaking, printing and bookbinding workshops for children. Toddlers and parents around the globe have discovered the irresistible appeal of his wacky cartoon characters in *Flashing Fire Engines*, *Terrific Trains*, *Dazzling Diggers*, and *Roaring Rockets*. Other titles include *Charlie the Chicken* and *Desmond the Dog*. Kingfisher is an award-winning publisher of non-fiction and fiction for children of all ages. Known around the world for its informative and engaging reference and early learning books, Kingfisher also receives widespread acclaim for its classic anthologies for five- to

fourteen-year-olds and original picture books for very young children.

Bought this to pair with the book. They go well together. I'm a daycare provider, have several kids ages 2-4. They all liked this book, so I tore the pages out of this activity book and put them in sheet protectors so the kids can do the activities over and over with dry erase markers. Very happy with the purchase---and it's a great price!

My 4 year old loves reading through this book and doing all the activities. It lets him practice those fine motor skills (drawing lines, connecting dots), as he prepares for Kindergarten in 2017.
