Customer Reviews

I give this book an A++! The author takes you on a delightful journey through a "mixed plate" of Hawaiian cuisine - pulling from many different food traditions. The recipes are simple - using ingredients you will likely already have in your home. But, the flavors are quite complex and will satisfy a mixed crowd of foodies and the food-uninterested. The kalua pork sliders and creamy pineapple squares are my favorite! Perfect for any gathering or a Sunday dinner with the family. And for 99 cents - what a bargain! I will definitely be referring back to this cookbook over and over again.

I visit Hawaii several times a year and always leave missing the local food. I like to cook at home rather than ordering "take out" so I was excited to find Luau Chow. Luau Chow has nice twists to some of my favorites dishes. I like the author's selection--easy to prepare and definitely tasty. I would highly recommend this book to anyone who wants a true taste of local cuisine.

Some really different receipes. A lot of new an interesting ideas! Not what I was expecting at all! 3 or 4 really good looking receipes.

someone recommended this book to me and i bought it on a whim. i cook a lot of local foods and am always looking for more to add to the library. this cookbook is perfect - has a lot of comfort food recipes and just good ole hawaiian home cooking for those who want to bring a bit of aloha to potlucks and parties. everyone always appreciates the food that i've made with these recipes.

A very creative and delicious cookbook. Full of exuberant spirit and enticing recipes. Luau Chow will give you lots of new ideas for preparing exotic meals. You will want to own this book!

This cookbook makes me HUNGRY...and ready to hop on a plane for Hawaii!! But, since I am able to eat more often than I can actually make the 6-hour-by-plane visit to the islands, this cookbook is my new best friend! The recipes are simple, yet absolutely delicious, and it is now so easy to cook all my favorites in my own kitchen. The book also includes great anecdotes along the way, so you get a real feel for the author's experiences and taste of home, in all ways. Can't wait to tell my friends and family...and cook for them!

I lived in Hawaii and loved the Ono food. This is a great recipe book for those who want to try something different and delicious

I especially love the surprise of the Chicken Adobo recipe. My kids RAVE about that. For \$.99, it's definitely a bang for your buck.
