## Customer Reviews

I have a very happy 10 year old and burned through half this book in a day. Well worth the purchase for car trips and lazy home days. Some slight inappropriate humor for the super sensitive parents. Had my kid rolling though.

I thought this was going to be a little activity book with just a few things. It's full size with tons of activities to create comics, stickers, reading, etc. I was pleasantly surprised! I ordered 3.

This was on sale for around \$3 so I ordered this for my six year old. We received it today. He's super pumped about it. There are lots of great reading and writing activities for young readers.

There's only one page spread of stickers. They're not the kind that can be reapplied. Overall very happy with this purchase, especially with the discount.

This kept my six year old very entertained. Great product.

## EXCELLENT FUN ACTIVITY BOOK
