Customer Reviews

I question some of the appraised prices and there were quite a few items omitted or left out that I know of.

excellent historical information....pricing irrelevant

Disneyana collectors who focus on the 1930s will truly enjoy this book. So will many who don't, Disney nuts or not. The book is packed with gorgeous pictures of some of the most treasured Disney merchandise -- the first watch, the first clock, the first book, the first doll and on and on. Alongside are price ranges to give readers an idea of what they'd have to pay today, eight decades

later, to get their hands on these wonderful items. For Disney addicts, it's a must-have.
