Customer Reviews

Excellent flow charts in front, but the notes to charts are for the full version. I have both crunch and full version...if had to pick one, go with this one, particularly if you keep up with readings.

This was super helpful for last-minute prep before finals. I have many of these crunchtime books for all of my law subjects, and they've all been great.

This is a good review of the federal rules of civil procedure and the federal jurisdiction doctrines. I only found a couple of mistakes, due in part to the newest changes incorporated into the rules. The rest of the book was alright.

The crunchtime books are absolutely great. I'm using them as preparation for 1L exams. REALLY helpful. Especially the exam tips chapters.

This was a great help in preparing for my exam.

Helped me pass Civ Pro (A class practically impossible to get through) with a B+. Did its job perfectly and will use it for help in practice too!

Good book for the class.

Some briefs in here are pretty terrible. Could've just stuck with online for free.
