Customer Reviews

Brighter Child workbooks help children build a strong foundation for learning. Fun activities and colorful practice pages reinforce essential skills and concepts. With Brighter Child Math Kindergarten, you can help your child master mathematics skills for school success. Inside this book, find activities that teach: numbers 0-20; sequencing; shapes and patterns; position words; graphing; time and money.

I was disappointed to find out that there aren't any exercises on addition like the cover of the book portrays. It's like any other K level book. So bought it and unable to use it as my kid has plenty of the same sort of books.

It hardly touch the things my son actually does at school but it is good at home practice.

A great workbook to keep your occupied and entertaining.

Pre-kindergarten 4.5 yr old granddaughter loves it.

Love this book for my Kindergarten!! John A.

My granddaughter loved it and is having fun with all the numbers. Love the pull out pages and great pictures.

helped students a lot

Excellent!
