Book by Hartwig, Daphne Metaxas

Not much to this cookbook, though the color drawings are well done. The recipes are few, but some I'd like to make. I grew up in a Greek neighborhood and recognize many of the recipes. Overall, it's okay, as far as Greek recipes go. I was just expecting better.

This is an oldie- but goodie! It is a no frills style cookbook that has the main homestyle Greek recipes that are passed down from grandmothers to their progeny. Even if you are an experienced home Greek cook, it is still a great reference point for popular recipes! These are the kinds of recipes that will have little tweaks in the variation of the methods of preparation or the ingredients from family to family, but are recognizable to Greeks of the diaspora.

I absolutely love this book. My mother has had a copy for many years and on a whim I searched .com for it (it's out of print now) and they had it!!! The recipes in this book are just what I want- traditional Greek recipes from all over Greece. Most modern Greek cookbooks are Americanizing Greek food or just modernizing it. I wanted the traditional recipes for well know dishes. And this cookbook is the best for that! Thank you Goodwill of Wyoming for having it! They shipped it right away and I got it in just about a week! I'm very pleased!!

Had this cookbook a long time ago and lost it. It is really good, with simple recipes that still manage to capture the flavor of Greek cooking. Not one of the complicated books where you don't recognize some of the ingredients and can't find them anyway, and don't have the time to spend 6 hours on dinner. No. This is faster, better, really well thought out.

A replacement copy for the one we have had for over 30 years now. The original started to fall apart through use. Good, useful recipes in a small edition.

Item received as described. Very happy.

This is my second copy. I had to replace it--I used it so much. They are authentic recipes that are easy, simple and pure ingredients-not processed. Just like we used to eat.

Great recipes in this book. Have gotten kudos for many of the recipes. This is my second book .The first book fell apart from overuse. Classic Greek Cooking is worth the price.
