An Outline Of Psycho-Analysis (The Standard Edition) (Complete Psychological Works Of Sigmund Freud)

Synopsis

Of the various English translations of Freud's major works to appear in his lifetime, only one was authorized by Freud himself: The Standard Edition of the Complete Psychological Works of Sigmund Freud under the general editorship of James Strachey. Freud approved the overall editorial plan, specific renderings of key words and phrases, and the addition of valuable notes, from bibliographical and explanatory. Many of the translations were done by Strachey himself; the rest were prepared under his supervision. The result was to place the Standard Edition in a position of unquestioned supremacy over all other existing versions. Newly designed in a uniform format, each new paperback in the Standard Edition opens with a biographical essay on Freud's life and work -- along with a note on the individual volume -- by Peter Gay, Sterling Professor of History at Yale.

Customer Reviews

Text: English, French (translation) --This text refers to an out of print or unavailable edition of this title.

Sigmund Freud (1856-1939) is one of the twentieth century's greatest minds and the founder of the psychoanalytic school of psychology. His many works include The Ego and the Id; An Outline of Psycho-Analysis; Inhibitions; Symptoms and Anxiety; New Introductory Lectures on

Psycho-Analysis; Civilization and Its Discontent, and others. Peter Gay is the author of more than twenty-five books, including the National Book Award winner *The Enlightenment*, the best-selling *Weimar Culture*, and the widely translated *Freud: A Life for Our Time*. He lives in New York City.

Freud, surprisingly, does a fine job in explicating the basic ideas behind Psychoanalysis. Unlike other texts which can use pretty complicated and verbose language, Freud (and the editors) used clear and easy to read syntax. I recommend this book for any looking to get a basic understanding of Psychoanalysis or to further enhance an undergraduate or graduate class.

OK

Very good book. Should read it a few times.

Good book.

This is an entirely satisfactory edition of Freud's last published work made available at a surprisingly low price. I probably could not have found it in any local retail outlet, certainly not at so low a price. All shipping costs were eliminated with my Prime membership.

fast shipment, book is clear and concise, good for early psych course I took in college but also gives you the basics you'll need in psych 101 in high school

Actually not the Freud book I thought it was.

Interesting
