Customer Reviews

Anyone who has a strong interest in lighthouses will be happy with the beautiful photos in this calendar! My husband requested it as a Christmas gift and is enjoying browsing through it. Don't let the multilingual discourage a purchase--it simply means that the days of the week, months of the year are in other languages as well, which we consider a plus!

I really like this calendar for four reasons.1. The week starts on Sunday. (All other calendars I looked at this year started the week on Monday, which I don't like).2. I like that it has the moon phases on it3. I like that it has holidays listed.4. The pictures are cool and the information about each lighthouse is interesting.

As a first-time buyer, I love the variety of lighthouses and the varied viewpoints within the art depicting them. Easy to feel like I am there. Also like that the weekly layout flows from Sunday to Saturday so it is in sync with my wall calendars. Plenty of space for notes and nice group of reference pages.

We get this calendar every year. Like the week by week format plus the pages in the back to note things for the following year prior to the new calendar coming out. Enjoy the lighthouse pictures as well.

We had just visited Maine & saw some lighthouses. This has lighthouses from around the world.

Beautiful photographs. Journal style with plenty of room to write appointments & reminders.

Calendar is fine for my everyday notes, appointments, weather. Does not take alot of spaceWould prefer min schnauzer, but cannot find anymore.
