The Mystery On The Great Barrier Reef (Australia) (6) (Around The World In 80 Mysteries)

Synopsis

It's a trip "Down Under" for Christina, 10, Grant, 7, and their mystery-writing grandmother Mimi! Lots of surprises and mysterious activities unfold as the group travels through the Outback, Queensland, and finally to the Great Barrier Reef. During a glass-bottom boat ride, they discover more than coral and fish under the water—scuba divers and flesh-tearing moray eel lurk beneath their boat! They shudder at the eerie screech of the Tasmanian devil and brave the awesome Australian Outback (and Aborigines!) at night. Watch and wonder as Grant ends up in the Camel Cup camel race — will he make it to the finish line? Don't miss a moment of excitement in Christina and Grant's Australian adventure! This mystery incorporates history, geography, culture and cliffhanger chapters that keep kids begging for more! This mystery includes SAT words, educational facts, fun and humor, Built-In Book Club and activities. This Carole Marsh Mystery also has an Accelerated Reader quiz, a Lexile Level, a Fountas & Pinnell guided reading level and a Developmental Reading Assessment. Christina (ten), Grant (seven), and their grandparents Mimi (author Carole Marsh) and Papa (her husband) embark on two more international mystery-solving adventures. Their exploits are tepid, and despite good intentions, the author resorts to mimicry and cultural stereotyping to invoke suspense (all Asians look alike so which is the villain?) and humor (all Australians are like Crocodile Dundee--"Crikey!"). MidWest Book Review...very well crafted 128 page mystery which entertains and teaches young readers effortlessly, as do the other exciting Carole Marsh mysteries...outstanding series--each one of them a true gem of original, informative and entertaining storytelling.

Bought this as part of the Build Your Library kindergarten curriculum. Wonderful book for any home library!

Bought this for my 10 year old nephew and he loved it.

My daughter doesn't realize she's learning a lot about the Great Barrier Reef because she's so caught up in the mystery.
