Razzle Dazzle Unicorn (Phoebe And Her Unicorn Series Book 4): Another Phoebe And Her Unicorn Adventure

Synopsis

Get ready to be bedazzled! Dana Simpson's Phoebe and Her Unicorn is back with more sparkles than ever! In this fourth volume, join in the adventure as Phoebe and Marigold confront messy rooms, trouble at school, and a nasty case of "Sparkle Fever." Follow the pair back to Camp Wolfgang, where their old pals Sue (a.k.a. "Monster Girl") and Ringo, the lake creature, remind them that being weird is WAY more fun than being normal.

Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

Gr 3-5 • Phoebe and Marigold Heavenly Nostrils navigate Thanksgiving, Christmas, the common cold, and summer camp in this new collection of the comic strip. Each one-page strip is comprised of three or four panels and stands alone: all end with a clear punch line. However, readers may comfortably read the book straight through for a continual narrative. Children will enjoy the simple layout and full-color cartoon illustrations, particularly those of eternally elegant Marigold. The humor and vocabulary are quite sophisticated; a glossary defines words such as context and prescient. Many of the strips end with a dry comment on vanity, friendship, or, at one point, copyright. Even if these ideas or references don't completely sink in, children should appreciate encounters with a goblin and a lake monster and the gags inherent in the contrast between

down-to-earth Phoebe and her unlikely best friend, a magnificent, vain, loving unicorn. There are lots of sparkles, too. VERDICT Appealing art, strong characters, and sharp humor make this a volume both children and parents will read with pleasure. — Lisa Goldstein, Brooklyn Public Library

“Simpson easily straddles the line between kid and adult humor — another way in which these books recall the heyday of Calvin and Hobbes — and as I read this to my daughter over a series of bedtimes, we both laughed aloud many times. — (Cory Doctorow, Boing Boing) “...my favorite book of the year...” — (Damon Caporaso, BSC Kids) “If there’s still a hole in your comics-reading life where Calvin & Hobbes used to go, you may find that Phoebe and Her Unicorn helps fill that hole, at least a little. — (GeekDad)

This was not my favourite in the series but I can't give any Phoebe books less than 4 stars. I was tempted to go to 3 star but there were a few really good bits that redeemed the mediocre. If you haven't read any of the others don't judge the series off this one. Hoping the next book returns to the more cohesive groove of the previous books.

Another solid follow up for one of the best syndicated comics in the market. The relationship between Phoebe and Marigold continues to increase, having many adventures, enduring diseases and going back to summer camp. While not as good as the first one, this deserves your attention nonetheless.

My daughter adores this series. She got this one and the Unicorns vs. Goblins book for Christmas, and re-reads them weekly. We have already pre-ordered the newest book for when it comes out in late March.

Great book for my 10 year old!

Perfect for any fan!

As shown

10 year old daughter loves this!

loves this series--promotes reading on own
