Attack On Titan 4

Synopsis

HUMANITY PUSHES BACK! The Survey Corps develop a risky gambit to have Eren in Titan form attempt to repair Wall Rose, reclaiming human territory from the monsters for the first time in a century. But Titan-Eren's self-control is far from perfect, and when he goes on a rampage, not even Armin can stop him! With the survival of humanity on his massive shoulders, will Eren be able to return to his senses, or will he lose himself forever? The megahit Attack on Titan anime finally returns, streaming on April 1!

Customer Reviews

Hajime Isayama first published Attack on Titan in Bessatsu Shōnen Magazine in 2009. It became a sleeper hit and won the Kodansha Manga Award in shōnen category in 2011. This is his first manga.

We finally have the development of many of the supporting characters as well as the development of the training, but the flashback is at a strange point that is actually a bit confusing in terms of the narrative thrust. Levi being introduced is felt in a profound way. One thing that is really hit on though is that the characters are children and the armies are largely made of militarized teens in a way that doesn't even really make sense in the terms of the dystopia Hajime Isayama is developing. I will say that the figure design is limited where it is hard to tell characters apart, particularly male characters.

Volume 4 wraps the battle up nicely while also providing an interesting flashback to their first days of training together. It really helps drive the point that losses happen to everyone but in order to survive, You have to make sacrifices.

Good character development, and a good story line kept me engaged. Obviously the first three volumes should be read first, though, as this builds significantly on those prior volumes.

I like the progress in the story and feel more attached to the characters with each additional book. The struggle seems real for them which helps me to believe in it as well.

Great!

thanks

great book

Attack on Titan is my favorite manga/anime and this volume was amazing! You can't beat that price, either, always sells manga for the lowest price.
