2010 New York City Restaurants (ZAGAT Restaurant Guides)

Synopsis

2010 New York City Restaurants covers over 2,050 restaurants in all five boroughs. This handy guide contains Zagat Survey's trusted ratings and reviews for New York City-area restaurants based on the opinions of 35,000 avid diners like you. The trademark reviews and corresponding ratings for Food, Decor, Service and Cost are organized alphabetically in a user-friendly format. Use the indexes arranged by cuisine, neighborhood and special features like "In" Places, Winning Wine Lists, or Romantic Places to find the perfect restaurant for any occasion.

Customer Reviews

The guide is what it is. Dealer fast, verrrrrry inexpensive. Wanted old version to stir my memory of a few restaurants, now gone. Saved my sanity.

I am never disappointed in this book. It gives ratings on the 4 most important quality categories of a restaurant: food, service, decor and price. There are brief, but revealing, vignettes of each restaurant, giving one a sense of the place instantly. Superimposed on this structure are groupings by location, type of food, and also top winners in the 4 areas of quality. This is an invaluable guide to eating in a new place!!

Received timely and very useful!

I buy this guide every couple of years. I depend on it for my quarterly NY visits. It has restaurants listed in alpha order as well as by area of the city - as well as by type of food. And if you're coming with the family it even has a family friendly section. Very much worth the price.

this is an amazing and accurate book. i have been using it for three years by now and a lot of what's in it are still relevant

Totally dependable, arrived the next day. Used but looks brand new. Will use again without a doubt !

Easy to navigate. Filled with Great Restaurant reviews. Excellent size. Perfect!

What a wonderful idea, carry the Zagat guide on your Kindle except that the Kindle version isn't searchable. Listings are interactive (ie. you can go to neighborhood section and click on a restaurant) but you'll be paging through the neighborhood section until you get to where you want to go. I'm amazed that no one thought to set up the Kindle version so it would be useful and searchable - an expanded index for easy navigation would have done the trick. Current Kindle Zagat in non-searchable format is cumbersome and not practical. What a disappointment.
