Customer Reviews

I gave this approximately 3 and 1/2 stars on Audible. I don't really know what to say about this book. It was mild ranting about various topics such as the dentist, ebay, paypal, and other randomness. I felt like I was under the doghouse in a bewildered sort of way. I can agree that it's all bollocks. While this short had some humorous moments, I didn't find it laugh out loud funny. There were some interesting comparisons but I don't hold the same opinions about certain things in this audiobook. I don't sell this guy short in any way though because I've listened to other work by him that was hilarious to me. Everyone finds humor in different things. Curmudgeon had a deep, grumpy old guy voice that was actually funny. Still perplexed but anyway, this was at least interesting. Audiobook received in exchange for an honest review.

I hoped it would be funny, but I found his rant boring. I just felt bad for the guy.
