Cesare Borgia: His Life And Times

Synopsis

Accusations of treachery, rape, incest, and murder: almost five centuries have passed since Cesare Borgia's death, and his reputation still casts a sinister shadow. Yet the real man was a mesmerizing figure who inspired Machiavelli's classic *The Prince*. During the brief space of time when he occupied the stage, he shocked and stunned his contemporaries with his lofty ambitions and daring, becoming the most feared, hated, and envied man of his day. By 31 he was dead: his story assumes the proportions of Greek tragedy.

Customer Reviews

Sarah Bradford was born in 1938 and educated at St Mary's Convent, Shaftesbury, Dorset, and Lady Margaret Hall, Oxford, where she went after winning a state scholarship. She travelled extensively in Italy, Spain and France in the course of her researches on Cesare Borgia. Her latest book is a study of Jackie Onassis (2000).

Author takes a few things for granted as far as knowledge of the historical characters. Generally very interesting and well researched.

Excellent condition, gift for our graduating daughter who specializes in the Borgia's. She loved it as its difficult to get a print copy in the US.

The Book was very interesting, and I think his life very tragic. It seems he and his family were

maligned by their enemies that came into power after their deaths.

This Cesare guy was an interesting character. His and his fathers' exploits will leave you slack jawed in amazement at their gall & arrogance when it came to getting what they wanted. Although the author made it hard to follow the time periods and it's people and places at times if you are patient and stick with it i think you will be rewarded with an enlightening learning experience.
