The State Of Nonprofit America

Synopsis

Today, America's nonprofit organizations seem caught in a force field, buffeted by four impulses—voluntarism, professionalism, civic activism, and commercialism. Too little attention, however, has been paid to the significant tensions among these impulses. Understanding this force field and the factors shaping its dynamics thus becomes central to understanding the future of particular organizations and of the nonprofit sector as a whole. In this second edition of an immensely successful volume, Lester Salamon and his colleagues offer an overview of the current state of America's nonprofit sector, examining the forces that are shaping its future and identifying the changes that might be needed. The State of Nonprofit America has been completely revised and updated to reflect changing political realities and the punishing economic climate currently battering the nonprofit sector, which faces significant financial challenges during a time when its services are needed more than ever. The result is a comprehensive analysis of a set of institutions that Alexis de Tocqueville recognized to be "more deserving of our attention" than any other part of the American experiment.

Book Information

Paperback: 708 pages

Publisher: Brookings Institution Press; second edition edition (May 31, 2012)

Language: English

ISBN-10: 0815703309

ISBN-13: 978-0815703303

Product Dimensions: 6.1 x 1.6 x 9.2 inches

Customer Reviews

Lester M. Salamon is the director of the Johns Hopkins Center for Civil Society Studies. He has written or edited more than twenty books on the nonprofit sector and the tools of government, including *The Resilient Sector: The State of Nonprofit America* (Brookings, 2003), *Rethinking*

Corporate Social Engagement (Kumarian, 2010), and America's Nonprofit Sector: A Primer, 3rd ed. (The Foundation Center, 2012).

If you're looking for various articles discussing the status of nonprofits in the US, this is the perfect book. Salamon and others provide critical information on the history of nonprofits to the new trends that have taken over the third sector. They discuss how politics have shaped much of what see taking place now that we may not have been aware of.

It was a big book and I had to read it for my class. I did enjoy the content though. There are some details.
