## Customer Reviews

My 9 year old is learning cursive. She is in love with this book. Super cute. Jokes are appropriate.

Lots of practice for her handwriting.

I home school my children and I'm always looking for learning tools that will help make their learning experiences fun. This book did the trick! They look forward to using the workbook during writing time. I especially like the option at the bottom that allows my kids to rate their work. I think it motivates them to do an especially good job.

I bought this workbook so my son could practice his cursive outside of class. Normally he hates doing school work of any kind, but he actually looks forward to going through the workbook with me before bed. I feel like he's gotten much more confident since practicing his cursive handwriting and I'm glad I made this investment!

This was a great book for my kids to use. They like reading the puns and making what they call the "pretty letters." I am very happy with my purchase!
