Dubai (Step By Step)

Synopsis

Step-by-Step Dubai is a new guide to this exciting city and its surroundings, revealed through a selection of clearly laid-out walks and tours, complemented by beautiful, full-color pictures, an authoritative narrative voice, and a wealth of practical information, all in a compact package. The guide starts with Recommended Tours, suggesting the book's best tours for taking in various atmospheric neighborhoods, architecture, beaches, and resort areas. In the Overview, an engaging introduction reveals essential background information on local culture, lifestyle and traditions, plus the lowdown on food and drink, shopping, sport, beaches, and the region's fascinating history. This provides all the background information needed to set the walks and tours in context. The Walks and Tours section features 14 irresistible self-guided routes. The first eight tours explore the city itself, and the final six extend further afield into the surrounding desert, mountains and villages as well as the neighboring cities of Abu Dhabi and Sharjah. Most of the tours are on foot, but there are also boat and driving tours; for each we show step by step how to get the most out of the destination, with something for every budget, taste and trip length. All tours have clear, easy-to-follow maps, hand-picked places to eat and drink en route, great insider tips and informative feature boxes. All this makes it simple for the reader to find the perfect tour for the time they have to spare. The final section of the book is the Directory, incorporating a user-friendly, fact-packed A to Z of practical information, plus select hotel, restaurant and nightlife listings, which will lead the reader to the best that Dubai has to offer.

Gavin Thomas has been writing professionally since 1991, and has authored and contributed to a huge variety of publications, ranging from classical music magazines through to numerous guidebooks.

This book was published in 2011. Even so, I used it extensively on my trip to Dubai last month (May 2017). For the most part, everything listed is still the same as far as the walking tours. The restaurants or hotel info may have changed somewhat, but for utilizing it for the walking tours and access to the maps is perfect! I'm taking this book along on my next trip too this coming August when I return to Dubai. My first visit was less than 10 days and not enough time or energy to get close to doing all the walking tours, but I hope to definitely start where I left off the last time. Dubai Mall is a 2 day adventure by itself to enjoy the day and night vibe. This book and the enclosed map is about all you need to guide you along on your visit there. I recommend Insight guides Step by Step volumes. Perfect!

Not exactly what I expected, but helpful with walking tours.
